

## PESTICIDE SCREEN 07

**Method: USDA R33D**  
**Rush Available 2x list**

|                            |                           |                     |
|----------------------------|---------------------------|---------------------|
| Acephate(Orthene)          | Cycluron                  | Fenpropidin         |
| Acetamiprid                | Cymiazole (Hydrochloride) | Fenpyroximate       |
| Alanycarb                  | Cymoxanil                 | Fenuron             |
| Aldicarb (Temic)           | Cyproconazole             | Fipronil            |
| Amidosulfuron              | Cyprodinil                | Flazasulfuron       |
| Aminocarb                  | DEET                      | Flonicamid          |
| Azaconazole                | Desmedipharm              | Fluazinam           |
| Azamethiphos               | Diazinon                  | Flubendiamide       |
| Azinphos-ethyl             | Dichlorvos (DDVP)         | Fludioxonil         |
| Azinphos-methyl (Gluthion) | Diethofencarb             | Flufenacet          |
| Azoxystrobin               | Difenoconazole            | Flufenoxuron        |
| Beflubutamid               | Diflubenzuron             | Flumetsulam         |
| Benalaxy                   | Diflufenican              | Flumioxazin         |
| Benfuracarb                | Dimethachlor              | Fluometuron         |
| Benzoximate                | Dimethoate                | Fluopicolide        |
| Bifenazate                 | Dimethomorph              | Fluoxastrobin       |
| Bitertanol                 | Dimoxystrobin             | Fluquinconazole     |
| Boscalid (Nicobifen)       | Diniconazole              | Flusilazole         |
| Bromuconazole              | Dinotefuran               | Flutriafol          |
| Bupirimate                 | Dioxacarb                 | Foramsulfuron       |
| Byprofen                   | Disulfoton (Di-Syston)    | Forchlорfenuron     |
| Butocarboxim               | Diuron                    | Fosthiazate         |
| Carbaryl(Sevin)            | Epoxyconazole             | Furberidazole       |
| Carbendazim                | Ethidimuron               | Furalaxy            |
| Carbofuran                 | Ethion                    | Furathiocarb        |
| Carbosulfan                | Ethirimol                 | Halofenozone        |
| Carboxin                   | Ethofumesate              | Halosulfuron-methyl |
| Carfentrazone-ethyl        | Ethoprophos               | Hexaconazole        |
| Chlorantraniliprole        | Ethoxyquin                | Hexaflumuron        |
| Chlorgenvinphos            | Famoxadone                | Hexythiazox         |
| Chloridazon (Pyrazon)      | Fenamidone                | Imazalil            |
| Chlorotoluron              | Fenamiphos                | Imidacloprid        |
| Chloroxuron                | Fenarimol                 | Indoxacarb          |
| Chlorsulfuron              | Fenazaquin                | Ipconazole          |
| Clethodim                  | Fenbuconazole             | Iprovalicarb        |
| Clofentezine               | Fenhexamid                | Isocarbophos        |
| Clomazone                  | Fenobucarb                | Isofenphos-methyl   |
| Cyazofamid                 | Fenoxy carb               | Isoprothiolane      |
